EXECUTIVE SUMMARY

Strategy & Operations leader with 5+ years of experience spanning enterprise tech and high-growth startups, specializing in scaling revenue systems, GTM execution, and data-driven operational strategy. Proven track record of transforming early-stage and underperforming businesses by designing core operating systems, driving experimentation-led decision-making, and enabling cross-functional execution that delivers measurable revenue and growth outcomes. **Thrives in ambiguous environments, turning unstructured problems into scalable systems and measurable impact.**

SKILLS

- **Business & Strategy:** Go-to-market strategy, financial modeling, P&L management, revenue optimization, KPI/OKR design, pricing experimentation, forecasting
- **Analytics:** SQL, Python, A/B testing, cohort & retention analysis, funnel optimization, root cause analysis, hypothesis-driven experimentation
- **Product & Tools:** Product analytics, AI assisted workflow automation, user behavior analysis, metrics definition, experiment design, Salesforce (SFDC), Hubspot, Power BI, Amplitude, Google Sheets, Jira, Notion

WORK EXPERIENCE

Reframe (YC S21)

Neuroscience-based alcohol reduction app with 5M+ downloads.

Strategy & Operations Lead | Atlanta, GA

May 2025 – Present

- Scaled monthly recurring revenue from \$45K to \$150K+ in 7 months by driving GTM execution and building core operating systems across onboarding, pricing, retention, and coach performance management.
- Established scalable business operations from the ground up, establishing recruiting, onboarding, and payroll systems for 60+ coaches (contractors), enabling consistent delivery and operational efficiency.
- Built and launched Melody, an AI coach powered by Gemini 3.5, providing personalized coaching and proactive outreach to 40K+ users; prototyped, tested, and iterated features within 3 weeks using user feedback and behavioral insights.
- Led product and revenue analysis using user interviews, cohort analysis, and A/B testing; identified underperforming offerings, iterated coaching products (group coaching, weekly content, AI coach), and improved profit margins from 22% to 31%.
- Synthesized customer insights into executive-ready materials, enabling leadership to make informed decisions on product, marketing, and growth initiatives.

Founder Square

5K+ founder network connecting founders, investors, communities, and corporates.

Partnerships Manager | New York, NY

September 2024 – May 2025

- Built and managed founder partnerships across NYC, leading end-to-end execution of 10+ in-person and online events connecting early-stage founders with investors and operators.
- Led execution of curated in-person founder events with 150-500 attendees per event, including speaker sourcing, logistics coordination, and engagement across the startup ecosystem.
- Developed and maintained a CRM-based lead management system using Airtable, tracking 300+ founders, investors, and partners to streamline outreach, segmentation, and follow-ups.
- Led founder outreach and onboarding through 1:1 calls and interviews with 70+ founders, integrating them into newsletters, pitch opportunities, and community programs.

New York University

Program Manager (Tech Platforms) | New York, NY

September 2023 – December 2024

- Led enterprise platform initiatives across 7 NYU schools, managing cross-functional stakeholders (engineering, IT, vendors, leadership) to deliver digital systems impacting 300+ faculty and 10,000+ users.

- Enabled end-to-end rollout of a cloud-based Learning Management System, driving 85%+ adoption through structured enablement and data-driven deployment strategy.
- Developed Power BI executive dashboards and acted as the bridge between technical and business teams, improving decision-making, delivery visibility, and platform adoption outcomes.

Salesforce

Account Executive | Mumbai, India

October 2022 - April 2023

- Drove 120% quota attainment by managing \$8M+ enterprise pipeline across Fortune 500 accounts and leading full-cycle GTM execution for MuleSoft (SaaS) solutions.
- Led complex enterprise deal cycles from prospecting to close, engaging C-level and VP stakeholders on digital transformation initiatives.
- Accelerated growth through channel partner-led GTM strategies, strengthening co-sell motion and expanding enterprise reach across strategic accounts.
- Partnered with solutions engineering and marketing teams to position MuleSoft within the Salesforce ecosystem, enabling multi-product adoption and account expansion, including the first MuleSoft × KPMG partnership.

Hewlett Packard Enterprise

Enterprise Sales Consultant | Bengaluru, India

July 2021- October 2022

- Managed a \$4M enterprise and SMB portfolio, owning sales strategy, solution design, pricing, and contract negotiations across hybrid cloud and infrastructure offerings.
- Drove adoption of HPE GreenLake and ProLiant Servers by aligning cloud solutions to customer goals in cost optimization and scalable infrastructure transformation.
- Reduced sales cycle time by 50% through pipeline optimization, CRM-driven forecasting, and enablement of 70+ channel partners across the ecosystem.
- Exceeded FY22 targets by 135%, earning top regional performance recognition while scaling partner-led revenue.
